

Controlling Lifting Operations – Appointed Person

This SVQ is a mandatory requirement for any CPCS red cardholder who has undertaken the A61 CPCS Technical Test. By achieving this SVQ the red cardholder will be eligible to apply for a CPCS blue competency card which is then valid for 5 years. This SVQ could also be a means for giving your Employee's a qualification after their initial Training.

Costs are per candidate:

- Controlling Lifting Operations (Planning) - Appointed Person- £850.00.

There is an additional SQA registration fee of £63.00 per candidate. This registration fee is paid on your behalf to SQA and is non refundable.

The fee includes:

- Registration with SQA for this qualification
- All associated administration work in achieving the qualification including portfolio and copies of the relevant standards
- Induction of the candidate either as a individual or as part of a group
- Access to a named SVQ Assessor for ongoing Information, Advice and Guidance plus assessment
- One assessment visit per qualification (one visit is normally sufficient)
- Portfolio building – a collection of work based evidence which proves competence
- Submission of portfolio for assessment and verification
- Internal Verification prior to competency claim (quality assurance)
- Formal claim and certification issued by Scottish Qualification Authority (SQA)

Candidate's involvement

The candidate will be asked to keep copies of all work based evidence which will support his/her claim to competence. This can include safe systems of work for lifting operations prepared by the candidate and which includes method statements and risk assessments etc. Only his/her own work can be used. Each company operates differently so there may be other evidence that can be produced. The candidate's named assessor will provide all the support they need to ensure that they achieve the qualification quickly and efficiently.

Invoicing

60% of the assessment fee, along with the appropriate SQA registration fee, will be invoiced immediately following induction of the candidate. The final 40% will be invoiced on completion of the SVQ or 6 months from the induction date whichever comes earlier.

An official purchase order number must be supplied before we can carry out inductions.

Should you require any additional information, please contact the SVQ team on 07791144422 or email james@jbtraining.co.uk.
